About Me

I am a 💻 Web Developer with over 4 years of experience in designing and developing modern, scalable, and responsive web applications. Proficient in JavaScript, React.js, Next.js, Tailwind CSS and Bootstrap, with a strong focus on clean UI implementation, performance optimization, and maintainable code.

Experience

Next JS Developer , React JS Developer

Subcontracted Freelance Work

November 2024 – Present

- Working as a Frontend Developer using **React Js** to build an FBR-compliant Sales Invoice and Sales Return System, automating sales invoicing and sales return workflows hosted on http://invoicing-frontend-liart.vercel.app/.

- Implementing PDF generation for sales invoices, sales return processing, and tax calculations in compliance with FBR regulations.

- Worked on a user management system with a **React JS** frontend , **Node Js** , **Express Js** backend and **MongoDB** database.

- Developed and deployed the UI screens for the Maries web application using **Next Js** and **Typescript** and hosted on https://maries-web-app-gules.vercel.app/

- Built UI screens and integrated APIs for the IR-Farms web app using **React Js** and deployed at https://ir-farms-client.vercel.app/
